You are nobody until somebody loves you
You're nobody till somebody cares
Now you may be king, you may possess the world and it's gold
Gold will never buy you happiness, When you're growing old

You know the world is the same You'll never change it
Just as sure as the stars shine above
Well you are nobody until somebody comes and loves you
So find yourself somebody to love

I said the world it's still is the same You'll never change it
As sure as the stars shine above
Good God baby You ain't nobody until somebody loves you
So you better find yourself somebody to love
